December 3, 2013

The 6th Annual Elementary Technology Conference is designed especially for K-6 classroom teachers. Come join your colleagues as they share ways to engage your students with technology-rich lessons and ideas. Choose from 18 sessions with topics ranging from instructional best practices to iPads, to new Web 2.0 tools and more! Be sure to visit the Elementary Technology Conference wikispace (listed above) to see specific session information. Each session has a link to its own wikispace where the presenter will post resources for you to access during the session.
