

# iPads and the Common Core Standards

~ Elementary Technology Conference 2013 ~

## Educreations Information and Tips

- Educreations allows you to record video lessons with text, audio and graphics.
- Recordable whiteboard.
- Create an account to utilize the online whiteboard and organize student and teacher creations.
- Share courses you have created by providing students with a course code.
- Make lessons private or public. Lessons must be public to embed.
- Email presentations.
- View lessons from any device.

### Uses

- Post online tutorials.
- Create diagrams.
- Students explain their learning.
- Teachers create video tutorials that can be embedded online.
- Provide screencasts to review key concepts.
- Great for “flipping” your classroom!
