

Top 10 Hints for a Successful Google Presentation

1. Provide a group lesson on the basics
2. Start small and basic
3. Make sure all students have accounts
4. Learn how to use "revision history" or "undo" for when things "get lost"
5. Know how to "share"
6. Establish clear expectations (even assigning slides)
7. Give yourself and your students plenty of time
8. Create a rubric and share before students begin
9. Provide feedback
10. Use at a center rather than taking up a whole class period
