

A photograph of a small netbook computer sitting on a wooden desk. A person's hand is visible at the bottom, typing on the keyboard. The netbook screen shows a web browser with a Google search page. The background is slightly blurred, showing a red folder and some papers. The title text is overlaid in large, bold, orange letters.

Hempfield School District's Elementary Netbook Carts

Rae Ann Smith
Technology Specialist
Hempfield School District

Before the Training...

- ❑ One cart of 30 netbooks was piloted in fifth and sixth grade at one school in spring of 2009
- ❑ One cart of 30 netbooks was purchased for each elementary building in fall of 2009
