

Take the guessing out of assessing

You'd never describe Common Core or other state standards as "quick and easy."

Edmodo Snapshot is here to change all that. A free micro-assessment tool that gives you the power to regularly gauge student mastery, Snapshot practically does the work for you with:

Thousands of standards-aligned items.

Available for grades 3-12, all you have to do is pick your Math or ELA standard(s). Snapshot takes care of the rest, instantly creating micro-assessments.

Quick and easy classroom scheduling.

As a warm-up, exit ticket, or however you choose, you decide when and where to use Snapshot. Its flexibility is easy to integrate into your classroom's current workflow.

Real-time analytics and recommendations.

Snapshot gives you immediate, actionable feedback and suggests standards-aligned resources; insight you can use to create personalized learning plans.

Built in to the Edmodo you already know and trust, launch Snapshot from your teacher account today and see how it can make your classroom anything but standard.

"Snapshot is an amazing tool. I can use it throughout the year to gauge my students' mastery of the standards. The program simply shows whether the student needs help, and the truth of the matter is, that's all I need to know."
